

Two fictional views · one care source

Only the speaker's words and the invented care action are sourced.

Made-up speakers; no real child's preference is shown.

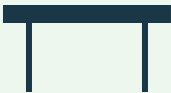

PIP · FICTIONAL VIEW

The REST SEAT is special to me in this paper place
because I can sit and look at a book quietly.

REN · FICTIONAL VIEW

The MAKER TABLE is special to me in this paper place
because I can try a new paper design there.

CARE CARD · FICTIONAL ACTION

A paper direction sign lies across a drawn walkway.
An adult checks the walkway and puts the sign back
where it is visible beside STORY MAT.
