

Before-change question mat

Four questions prevent a token count from becoming a rule.

BEFORE ANY SHARED-PLACE CHANGE, ASK

WHO USES IT?

A's five tokens leave names and other users open.

WHAT MIGHT CHANGE?

Bo's use might need a place; outcome unknown.

WHAT SOURCE NEXT?

Voluntary account or approved observation?

WHO MAY DECIDE?

A paper helper's proposal is not permission.

A planned question or source is not a result already obtained.
