

Window One · keep the hidden area

An invented limited view; visible drawn features are not a real plant survey.

SOURCE A · SPOT ONE

KEY: square = bench; circle = pot drawing;
rectangle = screen. The right area is hidden.

A · EXACT SOURCE WORDS

“Paper Window Corner, Spot One: a square bench and one round pot with three oval leaf outlines are shown. A rectangle screen hides the area to the right. This is an invented drawing.”

What could an actual approved view tell us?
