

Choose a defensible next step

Compare two options against a defined need

Use the facts you have and flag the facts you lack.

A recommendation may be provisional and narrow.

1. OPTION A AND ITS EVIDENCE

Your source detail / decision: _____

2. OPTION B AND ITS EVIDENCE

Your source detail / decision: _____

3. LIMIT OR TRADE-OFF

Your source detail / decision: _____

4. TEST BEFORE BUILDING MORE

Your source detail / decision: _____

WORKED FICTIONAL EXAMPLE

Museum: existing topic tags support a filter trial.

An ML suggestion tool needs data and an error review first.

TRY IT: What observed result would change your recommendation?

Tactile / low-vision route:

Place two option strips beside one need strip; add a test strip.
