

Build an inference bridge

Move from detail to careful explanation

An inference is a justified reading, not a new fact.

Say what the text suggests and what remains uncertain.

1. TEXT DETAIL

Your words / source detail: _____

2. REASONABLE INFERENCE

Your words / source detail: _____

3. LIMIT

Your words / source detail: _____

WORKED EXAMPLE

Card C: Ivo asks “Which side?” → placement was not yet clear;
limit: we do not know why the plan used the lower right.

TRY IT: Could another reading fit? Which detail would test it?

Tactile / low-vision route:

Use three raised or folded cards: detail, meaning, limit.
