

Fairness lens

Before a consequence, slow the claim down.

1 STATUS

Is this a rule, bill or operative law?

Check an authorised source.

2 EVIDENCE

What does each item actually show?

An allegation is not proof.

3 VIEWPOINTS

Who is affected and what do they seek?

Do not assume identity or experience.

4 CONSEQUENCE

What may follow from each approach?

Keep the implication conditional.

5 NEXT STEP

Recommend a fair source/check.

Say what remains unknown.

Reason from a source; never invent guilt.
