Empty component evidence record

Local private identifier, not shared child names. No software here stores or uploads work.

- Stage/family/date: **; first/later/unused-reserve status:** ; previous source exposure: ___.
- Actual unrelated teaching since earlier attempt: **; sources/values/date/interval:** .
- Wanted communication/pacing/privacy/support: **; neutral reading/scribing/description:** .
- Actual mathematical cue/operation/category/computation help, by whom and when: ___.
- Q 1 own evidence/component/support: **; Q 2:** ; Q 3: **; Q 4:** .
- Whole/parts/unit/multiple/completion actually shown: **; different representation:** .
- Data question/unit/variable/method: **; supplied/accessed/actually collected/observed:** ; known/unavailable records: ___.
- Actual learner choices/action: **; adult physical operation:** ; actual willing recipient/words/trial: **; self-check/proposal/not observed:** .
- Specific next teaching using unrelated source: **; wanted help next time:** ; unopened reserve still available: ___.

Do not fill learner blanks with expected answers. A paused/declined task is not a diagnosis. Different support/source conditions affect comparability; no automatic score-growth or full-year/state judgment. Actual investigations and sharing need evidence beyond a supplied table or a fictional recipient story.
