

Compare two sources about one event

Record what each source says. Then ask what both still leave open.

Source ID / text type Creator / date Audience / purpose Exact claim or detail What the source cannot show One question to ask next	Source ID / text type Creator / date Audience / purpose Exact claim or detail What the source cannot show One question to ask next
--	--

Shared origin? [] same creator/event [] different [] unknown

Similar wording alone does not prove independent confirmation.
