

An invitation to test again

SOURCE A / fictional team poster

18 SIGNS UPRIGHT AT CLOSING!

We tried 24 folded paper table signs.

By the end, 18 stood:

12 without a change

6 after a removable paper tab

Six had tipped or slid.

A second small trial could help us choose a fold.

READ THE LIMIT TOO

One indoor table test. No long-term use,
different surface or every viewing position tested.
