

# Make • test • minimise

Technologies: label a design separately from a working solution

## DESIGN: user → need → criterion → test

**User and task**

**Two options and trade-off**

**Made / tested result**

## DIGITAL: input → branch → repeat → output

**INPUT**

**IF / ELSE**

**REPEAT**

**OUTPUT**

## Data needed / data not needed

## Observed program output and revision

☐ Run and observed ☐ Paper trace only
